STUD BRIEF

At this year's on property Ram Sale we will be offering 160 Rams, comprising of Poll Dorsets, White Suffolk & Charollais.

In recent years we have been moving forward to giving lamb producers a greater choice with their Ram selection. We recognised that prime lamb breeders come from different environmental areas, have all different types of Ewes & have different targets to meet their requirements.

* Poll Dorsets are Australia's leading terminal sire, a breed that has stood the test of time, Rene has kept up with modern trends of the breed gauging our progress with continual impressive results in the show ring & being at the top end of the sale yard prices with Cross Bred lambs.

* White Suffolk is a popular breed for Australian lamb producers, is well suited for all areas, clean points, plenty of length & muscling. It has a great following with the Merino breed. Producing a fantastic lamb, they also make an excellent prime lamb mother.

* Charollais are the leading prime lamb breed in the UK, originating from France. Their most impressive feature is the huge hind quarter, white downs wool, fine shoulders with clean points & easy care sheep. Charollais have proven to be very popular over Merino's & X Bred Ewes.
